Fundamental Principles of Cyprus Business Taxation (Cyprus Business Taxation)

Continuing Professional Development

Instructor:

Andreas Lambrou, BSc, ACCA, ADIT

The tax environment is continually evolving, and for those responsible for managing the tax liabilities of their organization or for giving tax advice to clients, keeping abreast of such changes is paramount. New tax rules invariably penalize the unwary, but at the same time present rewards and opportunities to the informed. The aim of this seminar is to familiarize participants with the latest taxation updates.

Who should attend the seminar?

This seminar is addressed to financial controllers, accountants, tax consultants and auditors. It will be of particular interest to newly qualified accountants, whose qualifications are based on the UK tax system and who need to familiarize themselves with local taxation issues
